Craps-120

Baccarat-70

Ultimate Hold'em-40

Slots-600

Video Poker-600

***These averages are pretty standard throughout casinos; they may vary slightly from casino to casino, but these numbers are a pretty good guide to use for ADT. Remember this knowledge is for you to use. Don't fill your players head with stuff they don't want to know and don't need to know.**

As always, don't guess. Ask questions!
